### IN CONSIDERATION OF RECEIVING VILLAGE UTILITY SERVICES, YOU, THE SIGNER, AGREE TO THE FOLLOWING:

1. All utility bills are due and payable by the 15<sup>th</sup> of each month. Alleged failure to receive bills will not constitute excuse for non-payment. No reduction in late fees or penalty will be made unless the customer can demonstrate, to the satisfaction of the Village, that failing to receive the bill was at the fault of the Village.
2. Non-payment of bills when due will result in disconnection of service. The Village of Bethel has the right to discontinue utility services or refuse to furnish the same for non-payment for any utility bill owed, fraudulent or illegal diversions of services, and for any other reasons allowable by rules and regulations set forth in the Ordinances of the Village of Bethel.
3. That in the case where I am purchasing a property, an unpaid bill created by the former owner must be paid in full before the utilities will be transferred, and that certain charges, if not paid, can and will be certified to the County Auditor for addition to the property tax, which I will have to pay.
4. That if I, my spouse, my tenant, or any other member of my household owes the Village of Bethel any past due, delinquent bills of any type, they must be paid in full before any service will be provided. If such service is provided and it is found out that such bills do exist, service may be disconnected at once until the bill has been paid in full.
5. RETURN OF DEPOSITS: Upon disconnection of service any deposit made to the above address will be applied to the final bill, or by issuance of a refund check, or both.

I hereby apply for utility service(s) for the above service address, and agree to abide by the rules of the Village of Bethel Utilities Ordinances and Fee Schedules which are available for review upon request. I further certify that, to the best of my knowledge, I have no outstanding balance owed on a previous Village of Bethel Account.

**WARNING: Making false statements on the application for utilities service may be punishable by law.**
