

Ohio Asian Longhorned Beetle (ALB) Cooperative Eradication Program MEDIA UPDATE

September 6, 2013

Media Inquires Call:

APHIS PIO—Rhonda Santos 508-852-8044

ODA PIO—Brett Gates 614-752-9817

KEY MESSAGES: USDA plans to issue an Environmental Impact Statement (EIS) for the National ALB Eradication Program. The EIS process begins with publication of the Notice of Intent (NOI). The NOI was published in the Federal Register and is available for review and comment. All comments received on or before September 16, 2013 will be considered. An EIS is an analysis that will insure that the policies and goals defined in the National Environmental Policy Act (NEPA) are implemented into ongoing eradication programs and actions. A link to the NOI is provided here: <https://www.federalregister.gov/articles/2013/08/16/2013-19957/environmental-impact-statement-asian-longhorned-beetle-eradication-program>

Residents in the ALB regulated areas established within Clermont County cannot move firewood or wood debris outside of the regulated area and outside of East Fork State Park. Residents are also discouraged from moving firewood and wood debris inside the regulated area. For answers to questions about regulated materials and permits, or to report wood movement or suspected ALB infested trees, residents are asked to call the program office at 513-381-7180. Residents can also report suspected ALB infestations online at www.AsianLonghornedBeetle.com.

Clermont County

Tree removals are ongoing. Property owners are asked to communicate any concerns with the contractor in advance of tree removal work being conducted by calling 513-226-9138. Ground and tree-climbing survey crews continue to conduct delimiting surveys, inspecting all host trees throughout the regulated areas in Clermont County. Staff survey for the presence of ALB by examining individual host trees for signs of beetle damage. The following numbers pertain to the tree removals and surveys currently being conducted:

642,525	Number of trees surveyed as of 8/31/13 (since surveys began on 7/1/11)
10,193	Number of ALB infested trees confirmed as of 8/31/13 (since detection on 6/17/11)
9,893	Number of ALB infested trees removed as of 8/31/13 (since removals started on 11/14/11)
5,814	Number of ALB high risk host trees removed as of 8/31/13 (since removals started on 5/1/13)
13,232	Number of ALB high risk host trees treated in 2013
61	Square-miles under regulation; see "Regulated Area" map: http://www.agri.ohio.gov/TopNews/asianbeetle/docs/ALB_ohio_quarantine_082112.pdf

The quarantine restricts the movement of hardwood logs, firewood, stumps, roots and branches out of the regulated area and also restricts the sale of nursery stock, green lumber, and logs of the following trees: maples, horse chestnut, buckeye, mimosa, birch, hackberry, ash, golden raintree, katsura, sycamore, poplar, willow, mountain ash, and elms. Program staff continue to monitor regulated areas, respond to service calls and conduct training sessions for compliance agreements.

OPEN OFFICE HOURS: ALB Eradication Program Staff will be offering open office hours for community members to speak with managers of the eradication effort. An open office hours session will be held on Wednesday, September 25 from 2:00-4:00 p.m. at the program office located at 1761 State Route 125, Suite C, Amelia, OH 45102.

BACKGROUND: The Asian longhorned beetle (*Anoplophora glabripennis*, ALB) is an invasive insect from Asia that came to the United States concealed in solid wood packing material; pallets, crates and dunnage, used to transport goods from overseas. ALB was first detected in the United States in 1996 in Brooklyn, NY. Ohio is the fifth state to detect the destructive ALB. Eradication has been declared in Illinois, New Jersey and parts of New York. Eradication operations continue within Ohio, Massachusetts and New York.

The Ohio ALB Cooperative Eradication Program is comprised of USDA APHIS, Ohio Department of Agriculture, Ohio Department of Natural Resources, Ohio State University Extension, USDA's Agricultural Research Service and Forest Service.
